Core Values

Always Do the Right Thing

We act with integrity at all times, especially when the right thing to do is the hard thing to do: the health of the Center, of our members and of our colleagues is prioritized.

Mission Driven

We are service driven: everything we do is for the purpose of delivering on our mission to nurture and educate family and private businesses to drive a vibrant economy.

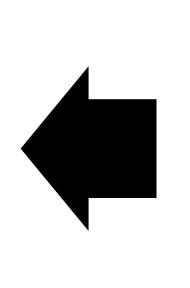

Meet People Where They Are

We listen, observe and ask clarifying questions to ensure our timing is good and to be able to respond to people in a manner that fits their needs.

Maximize Impact

We think and plan before we act to ensure that our chosen efforts are efficiently executed to generate the greatest results for the Center, our members and our colleagues.

Create and Model a Safe Haven

We welcome all thoughts and opinions without judgment and will always respond with the best interests of the Center and our colleagues at heart, with kindness and respect.
